DESCRIPTION

The Kincrome Air Body Panel Saw (Part No. K13275) is the perfect addition to any professional automotive workshop, car enthusiast or industrial woodwork or metal fabrication trade such as furniture makers and panel beaters!

The Kincrome Air Body Panel Saw is the perfect addition to any professional automotive workshop, car enthusiast or industrial metal fabrication trade!

Weighing in at just 0.62kg, gives the end user ultimate control, to make those tight and neat cuts. The unit also comes with TWO adjustable blade guard, which provides a safety guard to the user while allowing you to set a controlled depth to your cuts.

With a free speed of 10,000 SPM (Strokes Per a Minute), it will effortlessly cut through mild steel with a 16 gauge capacity (1.5mm).

The Kincrome Air Body Panel Saw has a rubber over mould, for a more comfortable grip, while reducing fatigue!

The Air Body Panel Saw has a variable speed trigger paddle allowing for complete control to get those precise cuts, and comes with 2 blades included in the contents!

The Kincrome Air Body Panel Saw will work on most home and workshop compressors, only requiring 113LPM of free air flow!

Like the rest of the Kincrome Air Tool Range, you can sleep easy knowing Kincrome Air Body Panel Saw (Part No. K13275) is backed by our premium 2 Year Warranty!
