

Standard retractable tapes

1:3

SECTION 1
Linear Measuring

IMEX Storm Series

- Specially developed by IME for the construction and engineering industries, this tape is designed for everyday use with light rubbergrip, easy read blade, and four rivets on the hook for robust, long life. A double stop gives greater control when retracting. High visibility green case for increased safety.

Description

- Long stand out blades
- 4 rivets per end on 8m and 10m
- 3 sizes - 5m x 19mm
8m x 25mm
10m x 25mm
- High visibility case
- Soft touch rubber grip
- Double stop braking
- Easy read mm graduations
- Economical carton quantities
