

GORILLA® SUPER GLUE 15G

PART NO. 41004

DESCRIPTION

Tough, Fast, Fix It and Forget It Glue

The only super glue tough enough to be called Gorilla. This new super glue has Impact-Tough Formula, which makes a bond that's impact-resistant. It sets in under a minute, with no clamping required. Projects dry fast and last long, standing up to drops, bumps and bangs.

You asked for it. Or maybe secretly wished for it. And now it's here. Introducing new Gorilla™ Super Glue, the first super glue that keeps holding strong, even when the bond takes a hit. Just hold in place for 30-60 seconds while the formula **sets, no clamping necessary**. It's what makes Gorilla™ Super Glue, so, well, super.

FEATURES

- **IMPACT STRENGTH** - unique rubber particles increase impact-resistance and strength to handle everyday use after your repair or creation is set.
- **WON'T CLOG** - anti-clog tip with metal pin keeps nozzle clean.
- **EASY TO USE** - thick formula flows better for improved control. Dries in just 30-60 seconds, with no clamping.
- **WHATEVER THE SURFACE** - use on nearly anything, from wood, metal, ceramics, some plastics, rubber and a whole lot more!
- **FAST SETTING** - Dries in 10 - 30 seconds, no clamping required.
