DESCRIPTION

The Kincrome Air Random Orbital Sander – 6" (150mm) (Part No. K13250) is the perfect addition to any professional automotive workshop, car enthusiast or industrial woodwork or metal fabrication trade such as furniture makers and panel beaters!

With a free speed of 10,000 RPM, it will make light work of even the toughest and roughest of surfaces! Ideal for stripping paint, sanding car panels, and sanding wood, with a swirl free finish!

One of the greatest features of the Kincrome Air Random Orbital Sander is its self-generating vacuum! Its unique design allows for the material being sanded, to be drawn through the holes in the sanding pad, inhaling any dust!

The Air Random Orbital Sander comes with a flexible exhaust hose, which can be attached to your workshop vacuum, or directly into the supplied dust bag - eliminating the need to clean up afterwards!

The Kincrome Air Random Orbital Sander also features a built in speed regulator, allowing you to control the power, giving you ultimate control to get the desired finish!

The unit itself is made of a durable, lightweight composite housing and with its low vibration technology, allows for the Air Random Orbital Sander to be used for extended periods of time, without fatigue.

The Kincrome Air Random Orbital Sander will work on most home and workshop compressors, only requiring 45.3LPM of free air flow!

Like the rest of the Kincrome Air Tool Range, you can sleep easy knowing Kincrome Air Random Orbital Sander – 6" (150mm) (Part No. K13250) is backed by our premium 2 Year Warranty!
